TRISOL SOLUTIONS

ABOUT US

We are a security company with over six years experienced professionals ready and committed to provide security products and services tailored to meet specific client needs to serve the domestic, commercial and corporate sector.

We offer a diverse range of products in the field of Access Controls, Biometric Systems, CCTV Surveillance, Remote Control Gates, Electric Fencing, Intruder Alarms and Intercom Systems.

OUR MISSION

Backed by a team of dedicated & qualified technicians and sales personnel, our mission is to provide reliable solutions and outstanding service coupled with excellent system support.

OUR VISION

Our desire for growth and sustainability is defined in our vision to be the preferred choice for security solutions by continually increasing client satisfaction in the areas of security, safety, convenience and design.

TRISOL SOLUTIONS

OUR VALUES & OBJECTIVES

Our values and objectives determine how we treat our customers. They define who we are and how we do our jobs. Our values are;

- **Customer Satisfaction**

Our customers are our existence. Our superior after sales service keeps our customers' needs fulfilled when it matters most.

- **Quality**

We never compromise the quality of our products or workmanship. Our standards reflect a desire for excellence.

- **Honesty and Integrity**

They are the principal means of establishing trust which we feel is a critical ingredient in the security industry.

- **Innovation**

We take pride in learning new skills and technology from others both locally and from around the world to keep abreast with the evolving technology.

TRISOL SOLUTIONS

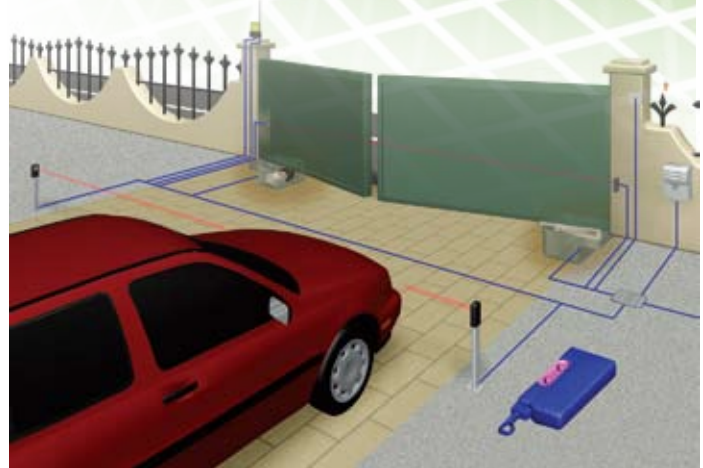

WHY US?

Our goal is to exceed the expectations of every client by offering outstanding customer service, increased flexibility, and greater value through our products.

We invest considerably in the areas of research and development to ensure the systems and solutions we provide meet the required quality tests and are within acceptable market standards.

Our staff are distinguished by their functional and technical expertise combined with their hands-on experience, thereby ensuring our clients receive the most effective and professional service.
